5. (Confidential - GLC) Met with Joseph W. McIntyre, Administrative Assistant to Senator Ted Kennedy, and advised him that we had followed up on the request made by [redacted] Massachusetts, that we contact an individual [redacted] who was interested in establishing contact with the Agency. I gave McIntyre no details but merely told him the contact had been made and that it was worthwhile. I learned that it was McIntyre who had suggested that [redacted] contact us. 25X1

✓ 6. (Confidential - GLC) Received from House Armed Services Committee four classified documents returned to the Agency for destruction. A receipt was given for this material.

7. (Unclassified - GLC) Advised Bob Michaels, House Defense Appropriations Subcommittee staff, that Mr. McCone would be accompanied by Messrs. Helms, Cline and Warner to tomorrow's briefing of the Subcommittee. Michaels mentioned that the Capitol would be under security in view of the presence of the Italian President.

8. (Unclassified - GLC) Talked with Marian Czarnecki, House Foreign Affairs Committee staff, regarding the hearings to be conducted by Mrs. Edna Kelly's subcommittee, and specifically their interest in having Mr. Griffiths of MIT as a witness. Czarnecki said that Griffiths was leaving for Europe today and would return early in February. Czarnecki is hoping to have Griffiths testify on the 12th of February, however, Griffiths has not finally committed himself. Czarnecki also mentioned that Representative Monagan's subcommittee would be holding hearings on the Captive Nation issue.

9. (Unclassified-JSW) Talked further with Mr. Hunter in Senator Long's office on an applicant case of one [redacted] and explained that we had contacted her while she was still in Washington although we still could not be promising about early employment. He thanked me for the call. 25X1

10. (Unclassified-JSW) Met with Mr. Cannon and discussed, among other things, the recent publicity concerning the Soviet economy attributed to CIA. I explained the background of this. While he did not seem to agree with publicity for CIA, he seemed to understand some of the circumstances and stated it was unfortunate. I believe the explanation took away some of the displeasure in his mind. (See memorandum for the record for other details.)
